## دورة متقدمة في العلاقات الدولية والشؤون الدبلوماسية

المرجع: 1019\_1420 التاريخ: 29 Dec 2026 - 02 Jan 2027 الموقع: روما الرسوم: Euro 5700

### Overview:

The Cyber Politics & Public Diplomacy Certification Course provides an encompassing training for participants looking to delve into the world of cyber diplomacy, digital public diplomacy, and cyber politics. Understanding the implications of social media bots and Twitter diplomacy in today's world, this course offers a thorough overview of cyber international relations. Moreover, this cyber diplomacy course prioritizes developing persuasion skills through persuasive communication training, persuasion training, influence, and persuasion skills training. Equipped with stakeholder mapping tools, participants will learn the process of stakeholder analysis and stakeholder mapping, providing the foundation for effective public diplomacy. This course addresses both soft power and hard power in the sphere of cyber diplomacy, aiming to equip participants with skills to deal with cyber security issues, including cybercrime and cyber attacks. As the course takes place in Seattle, a specific focus on cyber law as per Seattle's jurisdiction will also be included.

### Target Audience:

- Diplomats
- International Relations Experts
- Cyber Security Officers
- Communication Officers
- Public Policy Makers
- Digital Marketers
- Social Media Strategists
- Stakeholder Analysts

### Targeted Organizational Departments:

- International Relations Department
- Cyber Security Department
- Public Relations Department
- Communications Department
- Public Policy Department
- Marketing Department

## Targeted Industries:

- Government Organizations
- Cyber Security Firms
- International Non-Governmental Organizations
- Public Relations Agencies
- Tech Companies
- Diplomatic Corps

## Course Offerings:

- Understanding cyber international relations
- Skills to use social media bots in digital public diplomacy
- Twitter diplomacy techniques
- Cyber diplomacy course focusing on persuasion training
- Stakeholder mapping and analysis using stakeholder mapping tools
- Understanding of soft power and hard power in cyber diplomacy
- Skills to mitigate cyber crime and cyber attacks
- Understanding cyber law in Seattle

## Training Methodology:

The training methodology of this cyber diplomacy course includes a blend of case studies, group work, interactive sessions, and feedback sessions. Participants will practice their persuasion skills through persuasive communication training and influence and persuasion training. Real-world scenarios will allow participants to engage with social media bots and conduct public-opinion polls to understand their role in digital public diplomacy. Hands-on experience with stakeholder mapping tools will enhance stakeholder mapping skills.

## Course Toolbox:

- Comprehensive Workbook on Cyber Politics & Public Diplomacy
- Access to Online Resources on Public Diplomacy and Cyber Security
- Stakeholder Mapping Tool for Stakeholder Analysis
- Social Media Bot Interface for Practicing Digital Public Diplomacy
- Reading Materials on Cyber Crime, Cyber Attacks and Cyber Law Seattle-focused
- Training Materials for Persuasion Training and Influence and Persuasion Training

- Topic 2: Soft Power vs Hard Power - A National Brand Perspective •
- Topic 3: Introduction to Cyber Law Seattle - Regulations and Compliance •
- Reflection & Review: Case Study Analysis of a cyber attack and understanding the role of cyber law •

## How This Course is Different from Other Cyber Politics & Public Diplomacy Training Courses:

-Unlike other similar courses, this Cyber Politics & Public Diplomacy Certification Course provides an all encompassing training on digital public diplomacy and cyber politics. It includes a specific focus on social media bots and Twitter diplomacy, acknowledging the growing impact of social media on public diplomacy. The course prioritizes the development of persuasion skills through comprehensive persuasive communication training, persuasion training, and influence and persuasion training. Participants are also equipped with tools for stakeholder mapping and analysis, critical for any public diplomacy campaign. The course recognizes the importance of understanding both soft power and hard power in diplomacy and provides a strong grounding in cyber security, addressing the rising threat of cyber crime and cyber attacks. Given its Seattle location, this course also includes specific training on the cyber law of Seattle, a crucial aspect often neglected in similar courses. Overall, the course offers a holistic understanding of cyber diplomacy and public diplomacy, making it a unique choice in the field.
