

إتقان استراتيجيات استثمارية الأعمال في تقنية المعلومات

إتقان استراتيجيات استمرارية الأعمال في تقنية المعلومات

الرجوع: 36329_24531 التاريخ: 06 - 10 Apr 2027 الموقع: دبي - Road Zayed Sheikh Marriott by Inn Residence الرسوم: Euro 6500

Course Overview:

This advanced training program equips IT professionals with the knowledge and skills needed for business continuity, resilience, and disaster recovery in IT. It covers topics such as IT business continuity, resilience strategies, disaster recovery, IT infrastructure recovery, risk management, and data backup strategies. The course includes real-world case studies, IT continuity training, and crisis management simulations. It's designed for those seeking to ensure business continuity compliance and implement best practices in high availability IT continuity.

Target Audience:

- IT Managers and Directors
- Business Continuity Planners
- Disaster Recovery Specialists
- Risk Management Officers
- IT Infrastructure and Operations Teams
- Cybersecurity Professionals
- Senior Executives responsible for IT systems downtime recovery

Targeted Organizational Departments:

- IT and Infrastructure
- Risk Management and Compliance
- Operations and Business Continuity
- Cybersecurity and Data Protection
- Disaster Recovery and Crisis Response

Targeted Industries:

- Financial Services
- Healthcare
- Information Technology
- Manufacturing and Supply Chain
- Energy and Utilities

Course Offerings:

By the end of this course, participants will be able to:

- Develop and implement a comprehensive business continuity plan BCP for IT
- Distinguish between business continuity, disaster recovery, and resilience
- Evaluate and mitigate risks using IT risk assessment and planning techniques
- Implement data backup strategies in IT and ensure IT disaster preparedness
- Plan for IT infrastructure recovery and high availability in IT continuity
- Conduct business continuity testing for IT systems to enhance preparedness
- Apply cybersecurity measures within business continuity frameworks

Training Methodology:

The course takes an interactive approach to learning, combining expert lectures with hands-on IT continuity training through case studies, role-playing, and group activities. Participants engage in crisis management simulations and scenario planning exercises, gaining real-world experience in IT disaster recovery solutions. They collaborate on IT risk assessment and disaster recovery planning scenarios, receiving feedback from peers and instructors. The program highlights the differences between business continuity and disaster recovery and emphasizes minimizing business disruptions through continuous improvement. Regular reviews and debriefings allow participants to apply the knowledge to their organizational settings.

Course Toolbox:

Participants will receive:

- Course workbook
- Data backup strategy templates
- Case studies on IT disaster recovery solutions
- IT incident response plan templates
- Custom checklists for continuity of operations IT

Course Agenda:

Day 1: Introduction to Business Continuity in IT

- Understanding Business Continuity, Business Resilience, and Disaster Recovery Topic 1:

WHO WE ARE

Agile Leaders is a renowned training center with a team of experienced experts in vocational training and development. With 20 years of industry experience, we are committed to helping executives and managers replace traditional practices with more effective and agile approaches.

OUR VISION

We aspire to be the top choice training provider for organizations seeking to embrace agile business practices. As we progress towards our vision, our focus becomes increasingly customer-centric and agile.

OUR MISSION

We are dedicated to developing value-adding, customer-centric agile training courses that deliver a clear return on investment. Guided by our core agile values, we ensure our training is actionable and impactful.

WHAT DO WE OFFER

At Agile Leaders, we offer agile, bite-sized training courses that provide a real-life return on investment. Our courses focus on enhancing knowledge, improving skills, and changing attitudes. We achieve this through engaging and interactive training techniques, including Q&As, live discussions, games, and puzzles.
