Course Overview:

The course provides a complete understanding of project finance structures, covering project funding alternatives, financing strategies, and investor profiles. It focuses on debt and equity management, investment agreement terms, and risk management in public-private partnerships. Participants gain practical knowledge in construction financing, lease financing, and financial ratios like DSCR. The course equips participants to navigate complex project finance agreements, structure financial covenants, and evaluate secured and unsecured debt options.

Target Audience:

- Project Finance Managers
- Investment Analysts
- Financial Advisors
- Public-Private Partnership PPP Coordinators
- Corporate Finance Officers
- Infrastructure Project Developers

Targeted Organizational Departments:

- Corporate Finance Departments
- Investment and Risk Management Teams
- Infrastructure Development Units
- Public-Private Partnership PPP Divisions

Targeted Industries:

- Infrastructure Development
- Renewable Energy
- Real Estate and Construction
- Telecommunications
- Transportation and Logistics
- Oil and Gas

Course Offerings:

By the end of this course, participants will be able to:

- Design and implement project finance structures.
- Evaluate and select the best project funding alternatives.
- Analyze financial ratios such as DSCR for project viability.
- Apply risk management techniques to reduce project finance risks.
- Structure investment agreements with terms and financial covenants.
- Understand investor profiles and criteria for project funding.
- Manage both secured and unsecured debt in project finance.
- Utilize financial modelling to assess project finance performance.

Training Methodology:

This course employs a variety of interactive training methodologies to maximize participant engagement and learning. Case studies on real-life projects, such as the N4 toll road, will be used to illustrate project finance structures and funding alternatives. Group discussions will focus on analysing investor profiles and risk management strategies. Interactive sessions will provide hands-on experience in constructing project finance agreements and evaluating financial ratios such as the Debt Service Coverage Ratio DSCR.
