تدقيق الإنشاءات: إتقان إدارة المشاريع بتميز (5 أيام)

الرجوع: 103600360_36266 التاريخ: 03 - 07 May 2027 الموقع: النهاية الرسوم: Euro 4700

Course Overview:

Participating in the course offers a comprehensive exploration of construction project administration, ensuring meticulous oversight from inception to completion. Participants will delve into essential aspects like construction project audits, tendering document preparation, construction risk management, and navigating the entire construction project lifecycle. This course equips learners with tools to evaluate contractors, select consultants, and implement various procurement methods. Additionally, it addresses contemporary challenges including dispute resolution in construction and understanding design-build delivery systems, providing a holistic approach to construction project management training. By integrating interactive construction project training methods and staying abreast of construction industry trends, this course ensures that participants are well-prepared to handle the complexities of real estate development, infrastructure development, and public works projects.

Target Audience:

- Construction Project Managers
- Construction Administrators
- Tendering and Bidding Officers
- Risk Management Professionals in Construction
- Design and Build Engineers

Targeted Organizational Departments:

- Construction Management
- Procurement and Tendering
- Design and Build
- Risk Management in Construction
- Project Commissioning and Delivery

Targeted Industries:

- Construction Industry
- Real Estate Development
- Infrastructure Development Firms
- Public Works Departments

Course Offerings:

By the end of this course, participants will be proficient in:

- Preparing and evaluating tendering documents.
- Implementing construction risk management strategies.
- Effectively evaluating and selecting contractors and consultants.
- Navigating through diverse procurement methods.
- Proficiently resolving disputes in construction projects.

Training Methodology:

The course employs an immersive training approach. Participants engage in interactive sessions, group work, and real-time case studies. The course also includes expert feedback sessions to ensure continuous improvement and practical application of learned concepts. Utilizing e-learning tools, participants have flexible access to course materials, enabling a comprehensive understanding of construction project audits, risk management, and the construction project lifecycle.

Course Toolbox:

Participants will receive:

- Construction project audit workbook.
- Tendering process e-guide.
- Templates for tendering document preparation.
- Checklists for contractor and consultant evaluation.

Course Agenda:

Day 1: Foundations of Construction Project Management

- Overview of the Comprehensive Construction Lifecycle Topic 1:
- Objectives and Framework of Construction Project Audits Topic 2:
- Managing Contractual Risk in Tendering Document Preparation Topic 3:
- Types and Sources of Risk in Construction Projects Topic 4:
- Quality Control Planning and Risk Assessment Integration Topic 5:
- Recap of lifecycle stages and audit alignment Reflection & Review:

Day 2: Procurement Frameworks and Dispute Resolution

- Strategic Procurement Methods in Construction Projects Topic 1: •
- Exploring Design-Build Delivery Systems Topic 2: •
- Dispute Resolution Approaches and Legal Interfaces Topic 3: •
- Risk Minimization through Transparent Procurement Topic 4: •
- Criteria for Project Delivery Method Selection Topic 5: •
- Cross-comparison of procurement and resolution tactics Reflection & Review: •

Day 3: Tendering Strategies and Contractor Evaluation

- Construction Tendering Document Preparation Techniques Topic 1: •
- Evaluation Models and Bid Scoring Techniques Topic 2: •
- Comparing Public and Private Sector Tendering Norms Topic 3: •
- Key Indicators for Contractor Performance Evaluation Topic 4: •
- Post-Tender Analysis and Audit Preparedness Topic 5: •
- Group discussion on evaluating bids and awards Reflection & Review: •

Day 4: Risk Planning and Audit Execution

- Elements of Effective Construction Risk Assessment Topic 1: •
- Identifying Audit Gaps and Risk Red Flags Topic 2: •
- Real Estate Development Audit Case Analysis Topic 3: •
- Tools and Templates for Field Audit Execution Topic 4: •
- Audit Simulation: Mid-Project Evaluation Exercise Topic 5: •
- Peer review and team critique of audit findings Reflection & Review: •

Day 5: Consultant Management and Project Governance

- Best Practices for Consultant Selection and Appraisal Topic 1: •
- Stakeholder Communication in Construction Audits Topic 2: •
- Legal Risk and Compliance Factors in Auditing Topic 3: •
- Public Infrastructure Audit Alignment with National Policy Topic 4: •
- Enhancing Consultant Output with Quality Assurance Measures Topic 5: •
- Panel critique of consultant management strategies Reflection & Review: •

Day 6: Closing Audits and Future-Proofing Strategies

- Writing Comprehensive Final Audit Reports Topic 1: •
- Construction Industry Trends and Their Audit Impact Topic 2: •
- Innovations in Project Delivery and Audit Tools Topic 3: •
- Challenges in Real Estate and Infrastructure Development Projects Topic 4: •
- Organizational Learning from Construction Audit Insights Topic 5: •
- Final group presentation and expert feedback Reflection & Review: •

How This Course is Different from Other Project Management Courses:

The course stands out with its immersive and interactive training experience. Unlike other courses, it offers a deep dive into construction project audits, tendering document preparation, and risk management strategies, ensuring a holistic understanding of the construction project lifecycle. The course integrates contemporary construction industry trends, real-world case studies, and innovative training tools, providing participants with practical skills and knowledge. Additionally, the focus on dispute resolution in construction and design-build delivery systems ensures participants are well-equipped to handle the complexities of modern construction projects.

فئات الدورات التدريبية

HR TRAINING & DEVELOPMENT

دورات إدارة و تطوير الموارد البشرية

دورات إدارة و تحليل البيانات ودورات علم البيانات

دورات إدارة الجودة وتطوير العمليات

WHO WE ARE

Agile Leaders is a renowned training center with a team of experienced experts in vocational training and development. With 20 years of industry experience, we are committed to helping executives and managers replace traditional practices with more effective and agile approaches.

OUR VISION

We aspire to be the top choice training provider for organizations seeking to embrace agile business practices. As we progress towards our vision, our focus becomes increasingly customer-centric and agile.

OUR MISSION

We are dedicated to developing value-adding, customer-centric agile training courses that deliver a clear return on investment. Guided by our core agile values, we ensure our training is actionable and impactful.

WHAT DO WE OFFER

At Agile Leaders, we offer agile, bite-sized training courses that provide a real-life return on investment. Our courses focus on enhancing knowledge, improving skills, and changing attitudes. We achieve this through engaging and interactive training techniques, including Q&As, live discussions, games, and puzzles.
