Mastering Leadership, Strategy, & Project Management 10 Days Program Overview:

The "Mastering Leadership, Strategy, & Project Management 10 Days Program" is an unparalleled course designed for professionals seeking to excel in the fast-paced world of technology, particularly within the realms of Google Cloud DevOps. This intensive program bridges the gap between traditional leadership skills and the cutting edge requirements of modern DevOps practices, including Google Cloud IAM Roles and Policies, Service Accounts Management, and Infrastructure as Code with Google Cloud. Participants will dive deep into Terraform, CI/CD Architecture, Google Kubernetes Engine GKE, and advanced Google Cloud services like Anthos Config Management and Artifact Registry. By exploring Continuous Integration with Cloud Build, Continuous Deployment with Google Cloud Deploy, and mastering multi-cloud CI/CD pipelines, this course ensures that leaders are well versed in optimizing DevOps workflows and Google Cloud Platform's potential. Emphasizing hands-on learning, the program also covers vital areas such as Secrets Management, Vulnerability Analysis, and Site Reliability Engineering SRE Practices, preparing participants for Google Cloud DevOps Certification. This course is your gateway to mastering the blend of leadership, strategy, and technical prowess required for today's cloud-driven ecosystems.

Target Audience:

- CTOs and CIOs looking to leverage Google Cloud for organizational growth
- Project Managers and Team Leads aiming to implement Google Cloud DevOps practices
- DevOps Engineers seeking advanced training in Google Cloud Platform
- IT Professionals aspiring to obtain the Google Cloud DevOps Engineer certification

Targeted Organizational Departments:

- IT and Development departments focusing on cloud infrastructure and DevOps
- Project Management Offices PMOs integrating Google Cloud strategies
- Security and Compliance teams concerned with Google Cloud's best practices

Targeted Industries:

- Technology and Software Development companies adopting cloud-first strategies
- Financial Services requiring robust Google Cloud security and compliance measures
- Healthcare organizations leveraging Google Cloud for data management and analytics

Course Offerings:

By the end of this course, participants will be able to:

- Design and implement a Bootstrapping Google Cloud Organization strategy
- Manage Google Cloud IAM Roles, Policies, and Service Accounts effectively
- Utilize Terraform for Infrastructure as Code within Google Cloud
- Develop and manage CI/CD pipelines using Google Cloud DevOps tools
- Deploy and manage applications on Google Kubernetes Engine GKE for dynamic environments
- Implement Anthos Config Management for multi-cloud strategies
- Manage secrets, perform vulnerability analysis, and apply binary authorization in Google Cloud
- Adopt Site Reliability Engineering SRE practices for sustainable systems management

Training Methodology:

This "Mastering Leadership, Strategy, & Project Management" course utilizes a blend of theoretical and practical learning methodologies tailored to the complexities of Google Cloud DevOps. Participants will engage in interactive lectures, group discussions, and hands-on workshops to understand Google Cloud's infrastructure and DevOps tools deeply. Real-world case studies will highlight the challenges and solutions in implementing Google Cloud strategies, including Resource Hierarchy Design and Service Mesh Telemetry. Feedback sessions will ensure personalized learning experiences, while live demos of Terraform, Google Kubernetes Engine, and CI/CD Architecture will provide practical insights. This holistic approach prepares leaders not only to pass the Google Cloud DevOps Certification but also to implement effective DevOps strategies in their organizations.

Course Toolbox:

- Comprehensive guides on Google Cloud IAM Roles and Policies
- Templates for Infrastructure as Code with Terraform
- Checklists for Continuous Integration and Deployment with Google Cloud
- Best practices manuals for Google Kubernetes Engine GKE and Anthos Config Management

Course Agenda:

Day 1: Leadership Vision and Strategy

- Introduction to Executive Leadership Responsibilities
- Topic 1: Crafting and Communicating Visionary Strategies
- Topic 2: Emotional Intelligence for Effective Leadership
- Topic 3: Leadership Vision and Strategy Reflection & Review

Day 2: Strategic Communication and Influence

- Strategies for Leading Organizational Change Topic 1: •
- Innovation Management and Fostering a Culture of Creativity Topic 2: •
- Navigating Complex Organizational Dynamics Topic 3: •
- Organizational Change and Innovation Reflection & Review: •

Day 4: Advanced Negotiation and Decision-Making

- Strategic Decision-Making Processes Topic 1: •
- Advanced Negotiation Techniques for Executives Topic 2: •
- Ethical Leadership and Decision-Making Topic 3: •
- Negotiation and Decision-Making Reflection & Review: •

Day 5: Executive Leadership Development

- Enhancing Self-Awareness and Emotional Intelligence Topic 1: •
- Personal Branding and Executive Presence Topic 2: •
- Stress Management and Resilience Building Topic 3: •
- Career Advancement Strategies for Executives Topic 4: •
- Leadership Development Reflection & Review: •

Day 6: Implementation and Integration of Strategic Concepts

- The Blueprint of Implementing a Strategic Plan Topic 1: •
- The Crucial Role of Senior Leaders in Steering the Strategy Ship Topic 2: •
- Resource Allocation for Strategy: Where and How? Topic 3: •
- Goal Linking: Bridging the Strategy-Execution Gap Topic 4: •
- Merging Strategic Implementation with Workload for Synchronized Outcomes Topic 5: •
- Assessing the Feasibility and Realism of Strategic Plans Reflection & Review: •

Day 7: Metrics, Measurements, and Feedback in Strategic Planning

- An Introduction to Strategic Measurement Techniques Topic 1: •
- Gauging Performance in Strategy: Key Metrics and Indicators Topic 2: •
- Future-focused Strategic Viewpoints: Staying Ahead of the Curve Topic 3: •
- Continuous Improvement: Updating and Refining Strategic Plans Topic 4: •
- How Integrating Measurement Strengthens Strategy Execution Topic 5: •
- Emphasizing the Need for Continuous Feedback and Adaptability Reflection & Review: •

Day 8: Laying the Groundwork for Project Management Excellence

- Introduction to the Concept of Great Organizations and Their Dynamics Topic 1: •
- Shifting the Strategy: From "Running the Business" to "Growing the Business" Topic 2: •
- The Importance of a Project Management Methodology in Achieving Strategic Objectives Topic 3: •
- Defining Projects and Criteria of its Success Topic 4: •
- The Project Management Office and the Organizational Hierarchy Topic 5: •
- Analyzing the Role of Project Management in Strategic Growth Reflection & Review: •

Day 9: Advanced Planning and Schedule Management

- Initiation into Project Management Advanced Planning Process Group Topic 1: •
- Comprehensive Schedule Management - From Definition to Development Topic 2: •
- Cost Management - Estimation, Budgeting, and the Project S Curve Topic 3: •
- Application: Leveraging Techniques for Effective Schedule and Cost Management Topic 4: •
- Setting the Standards with Quality Management Planning Topic 5: •
- The Significance of Planning in Project Management Success Reflection & Review: •

Day 10: Team, Stakeholder, and Risk Management

- Building Blocks: Human Resource and Communications Management Planning Topic 1: •
- Risk Management: From Identification to Quantitative Analysis Topic 2: •
- Crafting Responses: Risk Response and Procurement Management Planning Topic 3: •
- Building Bridges: Stakeholder Management Planning Topic 4: •
- The Role of the Project Management Team in Effective Planning Topic 5: •
- Recap: From Leadership to Strategy and Project Management Topic 6: •
- Reviewing the 10 Days in one big picture Reflection & Review: •

How This Course is Different from Other Mastering Leadership, Strategy, & Project Management Courses:

The "Mastering Leadership, Strategy, & Project Management 10 Days Program" stands out as a comprehensive journey into the intersection of leadership, strategy, and technical execution within the realm of Google Cloud DevOps. Unlike other courses that might focus solely on technical skills or leadership theory, this program integrates deep technical knowledge with strategic management and leadership practices, tailored specifically for DevOps in the Google Cloud environment. Participants will not only gain hands-on experience with the latest Google Cloud technologies but will also learn how to lead DevOps transformations, manage cross-functional teams, and align technical projects with strategic business outcomes. This unique blend of skills ensures that graduates are not just proficient in technical tools but are also prepared to take on leadership roles in the ever-evolving landscape of cloud technology and DevOps practices. Through a combination of expert instruction, real world case studies, and interactive learning, participants will leave the course ready to drive significant impact in their organizations and industries.

WHO WE ARE

Agile Leaders is a renowned training center with a team of experienced experts in vocational training and development. With 20 years of industry experience, we are committed to helping executives and managers replace traditional practices with more effective and agile approaches.

OUR VISION

We aspire to be the top choice training provider for organizations seeking to embrace agile business practices. As we progress towards our vision, our focus becomes increasingly customer-centric and agile.

OUR MISSION

We are dedicated to developing value-adding, customer-centric agile training courses that deliver a clear return on investment. Guided by our core agile values, we ensure our training is actionable and impactful.

WHAT DO WE OFFER

At Agile Leaders, we offer agile, bite-sized training courses that provide a real-life return on investment. Our courses focus on enhancing knowledge, improving skills, and changing attitudes. We achieve this through engaging and interactive training techniques, including Q&As, live discussions, games, and puzzles.
