ميلان

## دورة احترافية وكثفة لإدارة البيانات: وفقاً لمعايير DAMA-DMBOK

المرجع: 36097\_7718 التاريخ: 30 Mar - 03 Apr 2027 الموقع: ميلان الرسوم: Euro 5700

### The Data Management Body of Knowledge DAMA-DMBOK Overview:

Welcome to 'The Data Management Body of Knowledge' DAMA-DMBOK training program. This data management course is meticulously crafted to offer a holistic approach towards mastering the art of data management. This course transcends the regular data analyst course, integrating diverse aspects like data governance, data analytics, and database management. We've designed our data management course syllabus to go beyond traditional classroom teachings, as it includes case studies and interactive sessions, making it one of the most sought-after data management training courses.

### Target Audience:

- Data Analysts
- Data Scientists
- Database Administrators
- Data Governance Specialists
- Data Stewards
- IT Professionals
- Anyone aspiring to be a part of the data management ecosystem

### Targeted Organizational Departments:

- Data Science
- IT Services
- Business Intelligence
- Research and Development
- Compliance and Risk Management
- Marketing

## Targeted Industries:

- Financial Services •
- Healthcare •
- Retail •
- E-commerce •
- IT and Software •
- Manufacturing •
- Education and Research •

## Course Offerings:

By the end of this data management training program, participants will be able to:

- Comprehend and apply the principles of data governance •
- Utilize advanced data analytics techniques •
- Implement best practices for data management •
- Understand database management •

## Training Methodology:

Our data management course incorporates a dynamic blend of theory and practical learning methods, making it an ideal data management training for both beginners and advanced learners. We rely on a blend of teaching methods including interactive sessions, case studies, group work, and feedback sessions. Our data management training program offers a unique learning experience that transcends traditional data management training courses.

## Course Toolbox:

The course includes:

- Comprehensive course handbook •
- Proprietary data management software •
- Online resources for continued learning •
- Checklists and templates for data governance •
- Case studies for group work sessions •
