المرجع: 36362_79891 التاريخ: 28 Sep - 02 Oct 2026 الموقع: أمستردام الرسوم: Euro 5700

Course Overview:

The course is an in-depth program designed to provide participants with comprehensive training in the key aspects of graphic design. By the end of this course, learners will master industry-standard design applications such as Adobe Photoshop, Adobe Illustrator, and Adobe InDesign, equipping them with the necessary tools to create professional designs. Participants will also gain a deep understanding of graphic design concepts, colour theory for designers, and the design theory fundamentals needed to craft visually compelling designs across various media formats. With hands-on projects in branding and marketing design, logo design training, and portfolio development for designers, learners will have the opportunity to build a strong graphic design portfolio that demonstrates their skills to future employers.

Target Audience:

- Graphic Design Enthusiasts
- Aspiring Graphic Designers
- Marketing & Branding Professionals
- Entrepreneurs and Small Business Owners looking to enhance their design capabilities

Targeted Organizational Departments:

- Marketing Departments: Enhance their brand messaging and materials with professional branding and marketing design skills.
- Creative Teams: Develop high-quality visual communications and cohesive brand visuals using Adobe Photoshop, Illustrator, and InDesign.
- Human Resources: Help teams build visually engaging job postings, presentations, and internal communications with advanced graphic design techniques.
- Product Development Teams: Strengthen their product packaging and promotional materials with professional design tools and strategies.

Targeted Industries:

- Marketing and Advertising: Strengthen branding and marketing campaigns with professional graphic design for marketing skills.
- Media and Publishing: Equip designers with the skills to create professional publications and layouts using Adobe InDesign.
- Web and Digital Design: Focus on digital design training for online branding, web graphics, and social media campaigns.
- Corporate Branding: Companies looking to create strong visual identities and branding assets will benefit from the expertise gained in logo design training and portfolio development for designers.

Course Offerings:

By the end of this course, participants will be able to:

- Master Adobe Photoshop to retouch photos and create graphics for web and print.
- Create professional page layouts with text and images using Adobe InDesign.
- Design scalable vector graphics such as logos, icons, and packaging with Adobe Illustrator.
- Apply graphic design concepts such as color theory and typography to create balanced and compelling visuals.
- Build and expand a professional graphic designer portfolio with hands-on projects and real-world assignments.
- Develop graphic design projects that are suitable for marketing and branding purposes.
- Learn effective job preparation for designers and career development strategies.

Training Methodology:

This graphic design training program uses a combination of learning methodologies to ensure that participants not only acquire theoretical knowledge but also gain practical, hands-on experience. The course incorporates:

- Case studies where participants analyze real-world graphic design projects to understand industry standards.
- Group work to foster collaboration and creativity, simulating professional team environments.
- Interactive sessions that explore tools like Adobe Photoshop, Illustrator, and InDesign for task-based learning.
- Feedback sessions and graphic design mentoring to guide participants through the learning process and refine their portfolios.
- Practical assignments and portfolio development for designers to track progress and build industry-ready skills in branding and marketing design.

Course Toolbox:

- Workbooks with step-by-step instructions for each application.
- Design templates and checklists to help structure projects and workflows.
- Reading materials on graphic design theory, color theory for designers, and typography.
- Online resources for supplementary learning, including video tutorials and design case studies.
- Portfolio Review and feedback sessions with graphic design mentors to refine your portfolio.
- Access to Adobe Portfolio to build and showcase your work online.
